IS ARENAS BEACH SERVICE

Is Arenas possesses one of the most impressive beaches in Sardinia. Capricious in nature, here you can find a serene oasis, and at times a turbulent sea, offering an impulsive and extravagant performance. Is Arenas in the ancient local dialect means “sand”. Is Arenas territory once upon the time was a desert of more than 3,000 hectares. In the 1950s the planting of a pine forest started. This work had the purpose of protecting the sand dunes and safeguarding the land behind. During the summer you can take advantage of the Is Arenas Golf & Country Club beach services, with sun beds and umbrellas.

Sardinia is one of the few places in the world where culinary art is practiced daily, as a simple and necessary way of life. The golf may provide a visual feast, but there is no way to prepare you for the extraordinary gastronomic adventure awaiting you in Sardinia. The local dishes are without comparison, diverse, fresh and sumptuous. So, whether you play golf or not, a trip to Is Arenas is essential, even if it's simply to taste the typical dishes and the revered local wines.
